3. Click Run

The screenshot shows the 'Reporting Portal' interface. On the left, there are filters for 'Source' (All, Public) and 'Categories'. The main area displays a list of reports under 'All Reports (12)'. The report 'Provider Assignment Missing Billing' is highlighted. Below the list, details for the selected report are shown, including 'Description', 'Suggested Report User', 'Reporting Application', 'Suggested Report Frequency', 'Alternate name', and 'Support Reference Number'. The 'Run' button is visible.

Description: No description available.
Suggested Report User: No suggested user.
Reporting Application: CCL
Suggested Report Frequency: No suggested frequency.
Alternate name: ED_PROVIDER_MISSING_BILLING:DBA
Support Reference Number: 793411.0

Path: Published / Emergency Medicine / Emergency Physician Access ONLY

Run **Run in Background** **View Document**

4. Select your name and adjust the start/end date.

The screenshot shows the 'Reporting Portal' interface with the 'Provider Assignment Missing Billing' report selected. A 'Discern Prompt' dialog box is open, allowing configuration of the report run. The dialog includes fields for 'Output to File/Printer/MINE', 'Provider Name', 'Admit Start Date', and 'Admit End Date'. The 'Provider Name' field is highlighted with a red box, and the 'Admit Start Date' and 'Admit End Date' fields are also highlighted with red boxes. The 'Execute' button is visible.

Discern Prompt: ED_PROVIDER_MISSING_BILLING:...

Output to File/Printer/MINE: MINE

Provider Name: [Red Box]

Admit Start Date: 01-Jun-2026

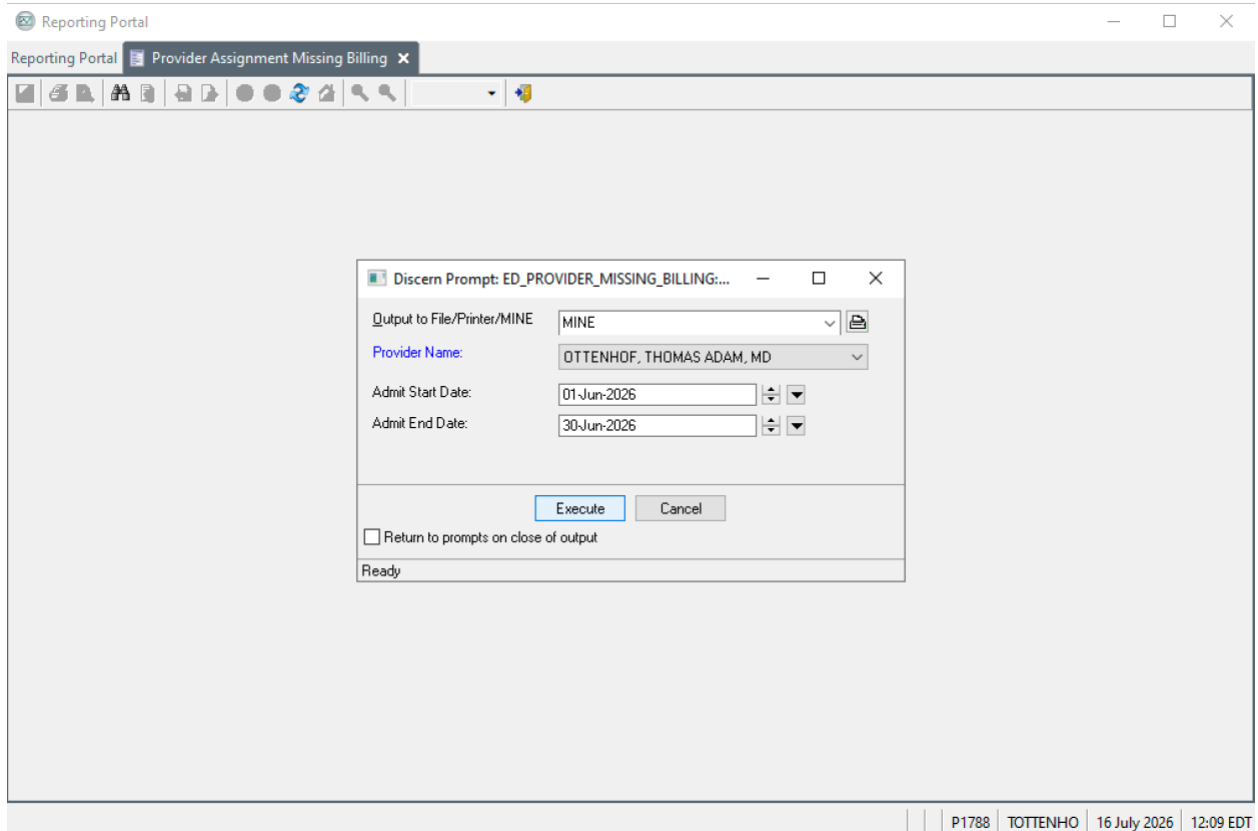

Admit End Date: 30-Jun-2026

Execute **Cancel**

☐ Return to prompts on close of output

Ready

5. Hit execute and it will give you a list of you missed billings over the selected time period.

6. Make sure you put in a billing placeholder on patients you assigned yourself to and never saw so they aren't flagged by the system as a missed billing.
